

## Feel at home in Flanders

### Follow a civic integration programme

Have you recently moved to Flanders or Brussels? Then the civic integration programme will help you to get started.

#### 5 good reasons to sign up:

1

You will find your way around in Flanders and Brussels more easily. It will help you settle in.

2

You will learn Dutch, an extra asset if you want to live and work in Brussels or Flanders.

3

Many of our teachers and counsellors speak your language and once followed the civic integration programme themselves. Based on their experience, they now help other integrators.

4

You will get help with the recognition of your diplomas or with legal issues, for example related to your residence status, your asylum procedure or your wish to become a Belgian national.

5

If you successfully complete the programme, you will receive a civic integration certificate. This can help you to acquire Belgian nationality.

#### A civic integration programme consists of:

- a Dutch course;
- a course about living, residing and working in Flanders and Brussels;
- counselling in the search for work for you and a school for your child;
- volunteer work, work placements or a buddy programme. This way you will get to know new people and you can practice Dutch.

We take your work and family situation into account when planning your programme.
